Entrepreneurs Business Builder Programme, Year 1, 2021

Overview

Cohort 1 Phase 1

The Women Entrepreneurs Business Builder (EBB) Programme aims to support women entrepreneurs within the Caribbean to build strong and sustainable businesses. The programme is 100% online and is a blend of self-paced learning combined with live interactive sessions. The EBB Programme also facilitates collaboration through the network of like-minded women entrepreneurs, with the hope that they share ideas and experiences to unleash their full potential in achieving their business goals.

We are proud to present the EBB Programme Year 1, Class of 2021, participants! These women, spanning from Barbados, British Virgin Islands, Dominica, Grenada, Guyana, St. Lucia, St. Vincent & the Grenadines, Suriname, and Trinidad & Tobago, have courageously taken a vital step in building their empire.

We wish you continued success! Cheers!

The EBB Programme is owned and delivered by BPD Associates Limited.
